

How to Support Pollinators in Northern New Mexico

Tuesday, September 24th
4:00-6:30pm

Location: NMSU Sustainable Agriculture Science Center
371 Co Rd 40, Alcalde, NM 87511

Workshop fee: \$10. Light refreshments will be provided.

Join us at the NMSU Sustainable Agriculture Science Center for an interactive workshop that will guide participants through the observation, identification, and ecology of pollinators. **Emily May (The Xerces Society for Invertebrate Conservation)** and **Adrienne Rosenberg (NMSU Sustainable Agriculture Science Center)** will be discussing topics including pollinator habitat needs, environmental stressors, community science opportunities for pollinator monitoring, and how to create more high value habitat for pollinators in northern New Mexico. The workshop will include a field tour of wildflower mixes being tested at the Science Center for attracting and supporting pollinators. **Don Martinez (NMSU Cooperative Extension Service, Rio Arriba County)** will facilitate the workshop.

For more information and to register, please contact Jaime Taylor at the Rio Arriba County Extension Office at 505 685-4523.

Please RSVP by September 23rd.

If you are an individual with a disability who is in need of an auxiliary aid or service to participate in the meeting, please contact Jaime by September 20, 2019 at 505-685-4523 or via email at jamitay@nmsu.edu. New Mexico State University is an equal opportunity/affirmative action employer/educator. All programs are available to everyone regardless of race, color, religion, sex, age, handicap, or national origin. NMSU and the U.S. Department of Agriculture cooperating
